About Us

Since 1999, we at 2000.Net Computers have been creating loyal customers by providing the best services and products based on the latest technology. We specialize in high quality custom built desktop, laptop, workstation and server computer systems. We also offer service and repairs for both personal and business computers. We are committed to building the best relationship with customers, partners and suppliers. Our business offers value and a superior customer experience that cannot be beat. We are conveniently located on Midlothian Turnpike in Richmond, VA. If you have any questions please contact us by phone or email.

PC Services

Are you tired of the overpriced, unsatisfactory service from larger repair shops? Well look no further, you have come to the right place! If your computer is in need of service or maintenance please stop by our store today. Leave the tough stuff to us, while you sit back and relax knowing that your computer is in good hands.

We work on Desktop, Laptop, and Server Computers.

Normal repair turn-around times are 1-3 days.

Some repairs may take longer depending on the severity of problem(s).

You can get help from us by:

- Stopping by our store located at 10080 Midlothian Turnpike Richmond, VA. [Map it!](#)
- Calling us at (804) 327-5060 to speak with a representative.
